Town Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hudson in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Junior High School in said Hudson on Tuesday, the 13th day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To see if the Town will vote to accept numerous bequests as Trust Funds, the income to be used for the perpetual care of the various cemetery lots.
4. To see if the Town will vote to authorize the Selectmen to pledge the credit of the Town in anticipation of taxes.
5. To see if the Town will vote to increase the amount paid for the collection of garbage from \$200.00 to \$250.00.
6. To see if the Town will vote to raise and appropriate the sum of \$2,000.00, One Thousand of which shall be used to increase the Capital Reserve Fund for the Highway Department and the balance of \$1,000.00 to increase the Capital Reserve Fund for the Fire Department, said funds having been created by vote of the Town at the last annual Town Meeting.
7. To see if the Town will vote to raise and appropriate the sum of \$400.00 to improve Reed Street from Fulton Street to Gillis Street.
8. To see if the Town will vote to raise and appropriate the sum of \$400.00 to improve Gillis Street from Central Street to Reed Street.

9. To see if the Town will vote to install two (2) street lights on Belknap Road, one (1) located at a corner near the residence of Eugene Pariseau, the other between the properties of John E. Carroll and Wayne R. Dearborn and raise and appropriate money for the same, upon petition of John E. Carroll and others.

10. To see if the Town will vote to install a hydrant on Adelaide Street and raise and appropriate money for the same, upon petition of John Plante and others.

11. To see if the Town will vote to increase the salaries of the Fire Wards and firemen in the amount of \$20.00 each annually and raise and appropriate money for the same.

12. To see if the Town will vote to raise and appropriate the sum of One Hundred Dollars, (\$100.00) for the improvement and repair of Hayward Place, so called, situated off Gloria Avenue, upon petition of Merrill Ives and others.

13. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars, (\$200.00), for the repair and improvement of Cross Street, so called, westerly from Riverside Avenue, upon petition of Daniel J. Rafferty and others.

14. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars, (\$200.00), for the repair and improvement of Stanley Avenue, so called, upon petition of Emma Pierce and others.

15. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars, (\$5,000.00) and to withdraw from the Capital Reserve Fund, the sum of One Thousand Dollars, (\$1,000.00), making a total of Six Thousand Dollars, (\$6,000.00), to be used for the purchase of a new Fire Truck, upon petition of Paul W. Buxton and others.

16. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars, (\$200.00) for the repair and improvement of Porter Avenue, so called, upon petition of Julius Corosa and others.

17. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars, (\$200.00) for the repair and improvement of F. Street, so called, upon petition of Julius LaFlamme and others.

18. To see if the Town will vote to support United States membership in a general system of international cooperation, such as that proposed at the Dunbarton Oaks Conference, having police power to maintain the peace of the world.

19. To see if the Town will vote to instruct the Selectmen to reorganize the Recreation Committee, the new committee to include one member of the School Committee and four persons to be appointed by the Board of Selectmen, upon petition of Nettie A. Fuller and others.

20. To see if the Town will vote to increase the pay of police officers from 50c per hour to 60c per hour, upon petition of Chas. A. Farmer and others.

21. To transact such other business that may legally come before the meeting.

Given under our hands and seal, this 26th day of February in the year of our Lord nineteen hundred and forty-five.

**REPORT
OF AN AUDIT AND EXAMINATION
OF THE ACCOUNTS
OF THE
TOWN OF HUDSON
MADE BY
THE DIVISION OF MUNICIPAL ACCOUNTING
OF THE
STATE TAX COMMISSION**

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

CONCORD, NEW HAMPSHIRE

October 17, 1944

Board of Selectmen,
Hudson, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual audit and examination of the accounts of the Town of Hudson, which was made by the Division of Municipal Accounting of the State Tax Commission in accordance with the vote of the town. This audit covered the fiscal year ended January 31, 1944, and the period from February 1st to August 31st, 1944. Exhibits and Schedules as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Revised Balance Sheet—January 31, 1944: (Exhibit I)

The following changes, resulting from the audit, were made in the balance sheet, as originally made out, and are reflected in the revised balance sheet:

Decrease of Assets

Uncollected Taxes (as reported) \$14,637.70

Uncollected Taxes (as reported) 13,413.24

\$1,224.46

Increase of Liabilities

Due Collector of Internal Revenue

52.60

Loss

\$1,277.06

Increase of Assets

Unredeemed Taxes (as corrected)	\$5,193.44	
Unredeemed Taxes (as reported)	\$4,223.31	
	<hr/>	
Gain		970.13
		<hr/>
Net Loss		\$ 306.93
		<hr/> <hr/>
Surplus as per Original		
Balance Sheet	\$15,222.99	
Surplus as per Revised		
Balance Sheet	14,916.06	
	<hr/>	
Net Loss in Surplus through revision of		
Balance Sheet		\$ 306.93
		<hr/> <hr/>

Increase of Surplus:

As indicated, the Net Surplus increased during the year ended January 31, 1944, by \$7,705.43. This resulted from the payment of notes amounting to \$11,200.00, a budget deficit of \$3,697.09, and other minor items which influenced the change in financial condition.

Revenues, Appropriations and Expenditures—1943:

Comparative statements of appropriations and expenditures as well as estimated and actual revenues for the fiscal year ended January 31, 1944, are presented in Schedules A and B. As indicated by the budget summary in Schedule B, a net overdraft of appropriations of \$4,655.51 and an excess of actual over estimated revenues of \$958.42, resulted in a net budget deficit of \$3,697.09. It will be noted however, that the overdraft of appropriations was largely occasioned by the payment of long term notes amounting to \$11,200.00, which was \$8,200.00 more than the amount appropriated for this purpose. A total overdraft of appropriations of \$9,986.84, was offset by unexpended balances of appropriations amounting to \$5,331.33, resulting in a net overdraft of appropriations of \$4,655.51.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

TAX ACCOUNTS

The tax warrants of Collector Baker for the levies of 1944, 1943, 1942, 1941 and 1940, were audited and balanced as indicated by the summaries presented in Schedules F, G, G-1, H, H-1, I, I-1 and J, respectively.

Examination was also made of the tax sale accounts. Summaries showing the activity in the tax sale accounts during the period from August 25, 1943 to January 31, 1944, and from January 31, 1944 to August 31, 1944, are presented in Schedules K and K-1. A list of unredeemed taxes from sales on account of the levies of 1935, 1936, 1937, 1938, 1939, 1940, 1941 and 1942, as of August 31, 1944, is included in Schedule L.

TOWN CLERK

The accounts of Town Clerk John E. Baker were examined and audited. All funds received by the Town Clerk on account of the issuance of motor vehicle permits and dog licenses were properly accounted for through remittances to the Treasurer or cash on hand. Summaries of these accounts appear in Schedules M and M-1.

TOWN OFFICERS' SURETY BONDS

The surety bonds of the town officers were examined and found to be satisfactory as to form and amount. A list of officials required by law to furnish surety bonds, the surety companies and amounts of bonds for the current year, are included in Schedule N.

GENERAL COMMENTS

Record of Property Acquired by Town through Tax Deeds:

An individual card record of each piece of property acquired by the town through Tax Collector's deed should be kept. Standard forms for this purpose may be obtained. The amount of taxes, interest and costs up to the time a deed is taken by the town is indicated thereon. Subsequent to the time when the property is acquired the taxes which accrue, based on the last assessed valuation and the current tax rate, are added annually, together with any other expenses such as insurance, repairs, etc. In this way it is possible to tell at any time the total amount invested by the town in each piece of property which it holds through virtue of a tax collector's deed.

Conclusion:

The accounts and records of all town officials were found in good condition and the accounting procedure conformed to the uniform system prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety but the inclusion of Exhibits and Schedules is optional.

We extend our thanks to the officials of the Town of Hudson for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler

CONCORD, NEW HAMPSHIRE

October 17, 1944

Certificate of Audit

This is to certify that we have audited the accounts and records of the Town of Hudson for the fiscal year ended January 31, 1944, and the period from February 1st to August 31st, 1944; and, subject to the exceptions noted in this report, found them to be in good order. In our opinion the Exhibits and Schedules included herewith set forth the financial condition of the town, together with the results of operations for the fiscal year ended January 31, 1944.

Respectfully submitted,

Harold G. Fowler

AMONG THE TOWNSPEOPLE RELATIVE TO THE
ZONING ORDINANCE ADOPTED AT TOWN MEET-
ING IN 1942 AND THE SELECTMEN HAVE DEEMED
IT ADVISABLE TO REPRINT THE LAW AND THE
LEGAL OPINION PERTAINING THERETO!**

**PLEASE ACQUAINT YOURSELVES WITH IT BY
READING THE FOLLOWING PAGES CAREFULLY!**

ZONING LAW, ADOPTED AT TOWN MEETING

MARCH, 1942

To promote the health, safety, convenience and general welfare of the Town of Hudson, and to make it a more attractive place in which to live, the following ordinance and building code is hereby enacted by the voters of said town in annual town meeting convened:

ARTICLE I—ESTABLISHMENT OF ZONING DISTRICTS

Section 1. For the purpose of this ordinance the Town of Hudson is divided into three zones: A Residential, B Commercial (Business), C Industrial.

Zone A shall comprise the whole town with the exceptions of Zone B and Zone C.

Zone B located and described as follows for a depth not in excess of one hundred twenty-five (125) feet from the center line of contiguous street or streets in the following areas: Webster Street, easterly and westerly side for a distance of five hundred (500) feet from the junction of Ferry Street; Ferry Street, northerly side between the Merrimack River and the junction of Derry Road, southerly side between Central and Library Streets; Central Street, easterly and westerly side two hundred (200) feet from Taylors Falls Bridge.

Zone C located and described as follows: On the southerly side of B. & M. railroad from the Merrimack River to Long Crossing, so called, five hundred (500) feet in width, and on the northerly side of railroad from the junction of the Lowell Road and Central Street to Long Crossing, being bounded on the north by Central Street.

ARTICLE II—BUILDING REGULATIONS, GENERAL, ALL ZONES.

Section 1. The roofs of all new buildings and existing buildings being recovered shall be covered with non-combustible or fire-resistant roofing materials, except in the recognized farming areas when it appears to the Building Inspector for any reason that the use of other materials will not constitute an inadvisable fire hazard.

Section 2. (a) Chimneys shall be constructed of stone, brick, or cement to the ground; each shall be lined with tile and extend at least two (2) feet above the roofs to which it belongs, and shall have a clean-out opening at the base. All entrances to said chimneys shall be of fire-proof construction. Chimneys shall not be used to support beams or timbers in any manner, and shall be so constructed as to provide a 1" clear space on all sides.

(b) No smoke pipe shall be installed or erected so as to be within twelve (12) inches of any combustible floor or ceiling, unless amply protected with non-combustible material. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible material, except when guarded by a double collar of metal with air space of at least five (5) inches, or by at least five (5) inches of brick or other non-combustible material between the pipe and the combustible material.

Section 3. Every dwelling shall have a minimum ground floor area of four hundred (400) square feet, inside measurement, for each family unit.

Section 4. Sewerage: All dwellings and all commercial, public or industrial buildings shall be equipped with town sewer entrance, cesspool, septic tank, sanitary chemical closet or approved vault, subject to the approval of the Building Inspector.

ARTICLE III—ZONE A

Section 1. Every building shall be set back from the front property line not less than thirty (30) feet, or such distance as shall conform with the average line of existing buildings five hundred (500) feet on either side, and all buildings shall be set back at least five (5) feet from the side lot lines, and rear lot lines.

Section 2. No signs shall be permitted except the following: Town and State highway direction and regulatory signs, historic signs and those signs used to advertise the profession or goods dealt in by owner or occupant of property on which placed. No sign or group of signs shall exceed twenty (20)

square feet, outside dimensions, and none shall be placed so as to obstruct view on highway. Locations of signs shall be governed by same rules as apply to buildings in Section 1.

Section 3. The construction of small accessory buildings not used for living purposes, together with minor alterations, repairs and general upkeep of existing buildings shall in farming area be exempt from the provisions of the following articles—said farming area is to be designated by the Board of Adjustment.

Section 4. New Development:

(a) The owner of any plot of ground intended for development or subdivision into building lots shall file with the Town Planning Board a plan or map of the proposed subdivision, and shall obtain the approval of the Town Planning Board thereon before proceeding with the development or sale of lots in the said subdivision.

(b) It shall be the duty of the Town Planning Board to inspect the site of such proposed subdivision, and to require such roadway and other areas for common use as will eventually be acceptable to the Town for maintenance by the Town, and to approve the same when satisfied that such proposed plans are in harmony with and conducive to the general welfare of the Town and the neighborhood, and not detrimental to existing property values, but in no sense shall this approval be deemed an acceptance by the Town of the street or streets.

ARTICLE IV—ZONE B

Section 1. Within the Commercial District no building or structure shall be erected, altered, or used, except in conformance with the following:

Section 2. No building or structure shall be erected, altered or used on any lot with less than fifty (50) feet of street frontage and minimum area of five thousand (5,000) square feet. Provided, however, that if from loss by fire, explosion, intentional destruction, or removal for any cause, the building in the Commercial District now existent is to be replaced, the same space may be used for the new building as that occupied

by the building so removed and this limitation as to lot size shall not apply; except that in such an event, if the building so removed is situated on a corner of streets, no part of the building except a supporting post or column on the ground floor of the building shall be closer than ten (10) feet of the corner of the lot closest to the intersections of streets.

Section 3. No building or structure shall be built of a height of more than two (2) stories.

Section 4. No building or structure shall be built or erected for any purpose closer than ten (10) feet to the sides of the lot nor closer than ten (10) feet to the highway or sidewalk which the lot faces, except in conformance to corresponding alignment with adjacent commercial buildings on the same highway. Provided, however, that in the event of the removal by any cause of a building now existent and its replacement by a new building, as referred to in Article IV, Section 2, the amount of set-back shall be governed by conformance with adjacent buildings and the new building may occupy the same space as that of the building so removed, and in the case of its being a corner building, the rule as to corner visibility in Article IV, Section 2, shall apply.

Section 5. No building or land shall be used and no building or structure shall be erected which is intended or designated in whole or in part for any industrial or manufacturing purposes but building and land may be used only for the following:

Single family residences, multiple family dwellings, hotels, boarding houses, or apartment houses.

Restaurants and other eating places.

Wholesale or retail stores, sales stores for trade, or shops for custom work or the making of articles to be sold at retail on the premises, provided that manufacturing of any such product shall be limited to the engagement of no more than five persons in any building if done within the commercial district.

Business or professional offices, banks, and the conduct of similar professional or business enterprise.

Commercial amusement places, including theatres, bowling alleys, skating rinks, billiard rooms, dance halls, and similar indoor recreations.

Garages for storage or repair of cars, stables, gasoline and oil filling, or automobile service stations; none of which may be built, altered, or used either as principal or accessory use within three hundred (300) feet measured along the street or highway to lines of Zone A, and no garage, filling stations, or automobile service station shall be established or built, and no equipment for the service of gasoline or oil shall be placed, closer than fifteen (15) feet from the sidewalk or street line, but only in such position that cars to be serviced with gasoline or oil shall be entirely taken care of on the premises.

Section 6. In the Commercial District only such accessory use of the buildings and land may be permitted as is natural, incidental, essential to the principal use.

Use shall not include the deposit or placing outside of any building any waste, refuse, or ashes, the storage of oil or gasoline, or the erection of any sign, banner, or other advertising media of a greater area than twelve (12) square feet, except by special permission of the Board of Adjustment, nor in any way or manner that will extend more than one (1) foot from the building to which it may be attached, or extend over any sidewalk.

ARTICLE V—INDUSTRIAL (MANUFACTURING) DISTRICT—ZONE C

Section 1. Within the Industrial District no building or structure shall be erected, altered, or used except in conformance with the following:

Section 2. In the event it is proposed to erect, alter, or use a building for industrial or manufacturing purposes on a lot that does not abut on any existing street or highway, the owner of the lot shall be required to own or control a right of way or private way of minimum width of eighteen (18) feet leading from a street or highway to the lot.

Section 3. No building or structure shall be built of a height more than three (3) stories or floors, not to exceed forty (40) feet, except in such cases as may be approved by the Board of Adjustment.

Section 4. No building or structure shall be built or erected for any purpose closer than twenty (20) feet from the sides of the lot nor closer than thirty (30) feet from the property line adjoining a street.

Section 5. No building or land shall be used and no building or structure shall be erected which is intended or designated in whole or in part for any use or purpose, except in conformance with the following:

(a) Any use permitted in Residential or Commercial Districts as established and permitted by this ordinance.

(b) Such manufacturing as for any reason would not be injurious, noxious, or offensive by way of odor, fumes, smoke, dust, vibration, noise, or other objectionable features, or hazardous to the community on account of fire or explosion or any other cause; nor shall they be used for a dump or place for refuse or junk of any kind, nor for the storage or wrecking of automobiles, carriages, other vehicles or machinery, or the following accessory uses.

Section 6. In the Industrial District only such accessory use of the buildings and land may be permitted as is natural, incidental, essential to the principal industrial use.

Use shall not include the deposit or placing outside of any building or exposing any waste, refuse, or ashes.

The storage of oil or gasoline or the erection of any sign, banner, or other advertising media shall be with permission of the Board of Adjustment under such restrictions as the Board may determine.

ARTICLE VI—NON-CONFORMING USE

Section 1. Any lawful use of land or of a building or part thereof at the time of the adoption of this ordinance may be continued, although such use does not conform to the provisions of this ordinance. Any building occupied by a non-conforming use may be structurally altered or the use of such building changed to any other use not more detrimental to the character of the district in which it is located. Should any non-conforming building occupied by a non-conforming use be

destroyed or damaged by fire or other casualty, in whole or in part, it may be replaced by a building to be used for the same purpose as the one destroyed or for any other non-conforming use, always provided that any new use to which the building may be put shall not be more detrimental to the character of the district in which it is located than was the original use, and also provided that such reconstructed building or new building shall not exceed in cubic contents the original building by twenty-five (25) per cent.

Provided, however, that where or whenever an existing non-conforming use is or becomes discontinued or abandoned for a continuous period of one year any subsequent use shall conform to the terms of this ordinance, except in cases of permitted residence uses in commercial or industrial districts.

No present non-conforming use shall be extended or enlarged beyond the limits or area occupied by such non-conforming use on the date of the adoption of this ordinance.

Provided further that whenever any building, the use of which has been abandoned and neglected for a period of three (3) years, has been allowed to become in such condition as to cause it to be injurious, noxious, or offensive to the neighborhood, or which by reasons of such abandonment or neglect shall, in the opinion of the Board of Adjustment, constitute a dangerous hazard, it may be razed by order of the Board of Adjustment and Selectmen at the expense of the Town.

ARTICLE VII—TOWN BUILDING INSPECTOR

Section 1. For the purpose of this ordinance the Board of Selectmen shall appoint a Town Building Inspector who shall be the administrative officer and who shall perform the duties of his office as designated in the various provisions of the ordinance, and shall make inspections of all buildings in the process of building or reconstruction and report all violations to the Board of Selectmen.

Section 2. Any person, firm, or corporation before commencing work on the erection or alteration of any building or structure must first obtain a permit duly granted by the Building Inspector for such erection or alteration. Before a permit

shall be issued by the Building Inspector, he shall determine whether the proposed construction or alteration conforms to all the conditions of this ordinance and the permit shall be issued only when such conformity is assured.

Section 3. Where an estimated cost of two hundred dollars (200.00) or more is involved, an application fee of two dollars (2.00) for new construction or one dollar (1.00) for major alteration, to be retained by the Building Inspector as full compensation for his services, must be paid by the applicant before permit is issued. Permits for minor alterations will be issued free. Exterior repairs not in excess of twenty-five dollars (\$25.00) will not require a permit.

Section 4. Upon receiving such application the Building Inspector shall promptly take such action as may be indicated in the way of investigation or public hearing to acquaint himself with the merits of the application. If, however, he finds that the proposed building alteration, or the principal or accessory use, conforms with the law and the ordinance, he shall at once issue the permit in writing over his signature. If he finds the proposal in any conflict with the law or this ordinance, he shall refuse the permit.

Section 5. No permit, however, shall be issued unless the structure will present a reasonable appearance and will be in keeping with the neighborhood and unless the building is to be finished on the exterior in a permanent manner and is to be suitably painted on the outside whenever the same is of wood or a material customarily painted. This is intended to eliminate the erection of structures obviously out of place for the neighborhood as judged by the property values and neighborhood character.

Section 6. The Building Inspector shall, immediately upon becoming aware of a violation, formally, in writing, notify the person, firm, or corporation violating the provisions of this ordinance.

ARTICLE VIII—BOARD OF ADJUSTMENT

Section 1. Creation—Membership:

(a) A Board of Adjustment is hereby established in accordance with the provisions of Chapter 42, Section 54—60 inclusive, of the Public Laws. The word "Board" when used in this ordinance shall be construed to mean the Board of Adjustment.

(b) The Board shall consist of five (5) members to be appointed by the Selectmen within fifteen (15) days after Town Meeting. One member shall be designated to serve until January 1, 1943; one until January 1, 1944, one until January 1, 1945; one until January 1, 1946 and one until January 1, 1947. Their successors shall be appointed on the expiration of their respective terms, each to serve five (5) years. Appointment to fill a casual vacancy shall be made by the Board of Selectmen and shall be only for the unexpired portion of the term.

Section 2. Duties: The duties of the Board shall be in accordance with the provisions of Chapter 42, Section 54—60 inclusive, of the Public Laws, said Board to serve without compensation. This Citizen board shall have authority to allow slight variances from the specific terms of this ordinance, where it can be shown that they would result in unnecessary hardship. When an objection, on account of the appearance of a structure, is raised by a majority of the families residing or owning property within a radius of five hundred (500) feet of the property in question, the Board of Adjustment shall hold a public hearing to receive evidence on both sides and shall have the authority to decide whether the permit shall be issued or not.

ARTICLE IX—PENALTIES

Section 1. Any person, firm, or corporation violating any of the provisions of this ordinance shall, for each violation upon conviction thereof, pay a fine of not less than ten dollars (\$10.00) nor more than one hundred dollars (\$100.00); except that any violation of any part of this Ordinance authorized by Chapter 147 of the Public Laws shall be punishable by a fine as provided in Chapter 147 of the Public Laws. Each day that a violation is permitted to exist shall constitute a separate violation.

ARTICLE X—VALIDITY

Section 1. If any section, clause, provision, portion, or phrase of this Ordinance shall be held to be invalid or unconstitutional by any court of competent authority, such holding shall not affect, impair or invalidate any other section, clause, provision, portion or phrase of the Ordinance.

ARTICLE XI—CONFLICT

Section 1. All Ordinances or parts of Ordinances inconsistent or in conflict with this Ordinance are hereby repealed.

ARTICLE XII—AMENDMENT OF ORDINANCE

The provisions of this ordinance may be amended or changed at any regular or special Town Meeting by a majority of the voters present as provided by the Public Laws.

ARTICLE XIII

This Ordinance shall take effect upon its passage.

OPINION

TOWN OF HUDSON

for

SELECTMEN and ZONING BOARD OF ADJUSTMENT

In 1941, the Hudson Planning Board, in cooperation with the State Planning and Developing Commission, formed a Building Code and Zoning Ordinance for the Town of Hudson, New Hampshire. The Zoning Ordinance was subsequently adopted by the Town.

Under Article VIII, a Board of Adjustment was provided for, consisting of five members to be appointed by the Selectmen. The Board was duly appointed and its duties were in accordance with the provisions of the Public Laws of the State of New Hampshire, Chapter 42, Sections 54 to 60 inclusive.

Article VII provided for the appointment of a Town Building Inspector whose duty it was to "make inspections of all buildings in the process of building or reconstruction and report all violations to the Board of Selectmen."

It is the duty of any person, firm or corporation before commencing work on the erection or alteration of any building or structure to first obtain a permit from the Building Inspector for such erection or alteration. Before a permit shall be issued by the Building Inspector, he shall determine whether the proposed construction or alteration conforms to all the conditions of the Ordinance, and the permit shall be issued only when such conformity is assured.

Upon receiving an application, the Building Inspector shall promptly take such action as may be indicated in the way of investigation "or public hearing" to acquaint himself with the merits of the application. If the proposed building alteration or the principal or accessory use conforms with the law and Ordinance, it is his duty to issue the permit in writing over his signature. If he finds the proposal in any conflict with the law or the Ordinance, he shall refuse the permit. The Building Inspector must immediately, upon becoming aware of a violation, formally, in writing, notify the person, firm or corporation violating the provisions of the Ordinance.

Immediately upon written notice from the Building Inspector, the party affected by the decision of the Building Inspector may within a reasonable time, as provided by the rules of the Board, file with the officer from whom the appeal is taken and with the Board a notice of appeal specifying the grounds thereof. The officer from whom the appeal is taken shall forthwith transmit to the Board all the papers constituting the records upon which the action appealed from was taken.

An appeal stays all proceedings under the action appealed from, unless the officer from whom the appeal is taken certifies to the Board of Adjustment, after notice of appeal shall have been filed with him, that by reason of facts stated in the certificate, a stay would, in his opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board or the Superior Court on notice to the officer from whom the appeal is taken and cause shown.

The Board of Adjustment shall fix a reasonable time for the hearing of the appeal, give public notice thereof as well as notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing, any party may appeal in person or by agent or attorney.

The Board of Adjustment has the following powers:

(1) To hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by an administrative official in the enforcement of the Zoning Laws of the State of New Hampshire or of any ordinance adopted pursuant thereto.

(2) To hear and decide special exceptions to the terms of the Ordinance upon which such board is required to pass under such ordinance.

(3) To authorize upon appeal in specific cases such variance from the terms of the ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions of the ordinance will result in unnecessary hardship, and so that the spirit of the ordinance shall be observed and substantial justice done.

(4) In exercising the above-mentioned powers such board may, in conformity with the provisions hereof, reverse or affirm,

wholly or partly, or may modify the order, requirement, decision, or determination appealed from and may make such order, or decision, as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

(5) The concurring vote of three members of the board shall be necessary to reserve any action of such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance, or to effect any variation in such ordinance.

Any person aggrieved by any decision of the Board of Adjustment may apply to the Superior Court within thirty days after the action complained of has been recorded by a sworn petition setting forth that such decision is illegal or unreasonable, in whole or in part, specifying the grounds upon which the same is claimed to be illegal or unreasonable.

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted, or maintained, or any building, structure, or land is used in violation of the Zoning Laws of the State of New Hampshire or of any ordinance or other regulation made under authority conferred by said Laws of the State of New Hampshire, the proper local authorities of the municipality, in addition to other remedies, may institute any appropriate action or proceedings to prevent such unlawful action to restrain, correct, or abate such violation, to prevent the occupancy of the building, structure or land, or any illegal act or use in or about such premises.

Article IX of the Ordinance provides penalties as follows: Any person, firm or corporation violating any of the provisions of this ordinance shall, for each violation upon conviction thereof, pay a fine of not less than ten dollars (\$10.00) nor more than one hundred dollars (\$100.00); except that each day that a violation is permitted to exist shall constitute a separate violation.

The Ordinance provides ample opportunity for anyone who has either erected or started to erect premises without a permit, or who has been refused a permit because of non-conformance, to have adequate remedies and to have an opportunity of exhausting these remedies before any criminal or civil action may be taken against them.

The Board of Adjustment, in setting forth their rules of procedure, should determine what a "reasonable time" would consist of. If after receiving written notice, a party appeals to the Zoning Board of Adjustment within a reasonable time as determined by the Board, then all action is stayed (with exception as hereinabove stated) until the Board of Adjustment has had an opportunity to give a complete and fair hearing to the party aggrieved. If he is not then satisfied, he may appeal to the Superior Court or to the Supreme Court of the State of New Hampshire before any criminal action can be taken against him.

His appeal must be in accordance with the law. If he fails to appeal from the Zoning Board of Adjustment within the time specified by said Board, then the administrative officer can take such action as the Selectmen may advise and authorize. The powers derived from the criminal section of this Ordinance should never be used except in flagrant cases of defiance. If it is necessary to prosecute criminally, then each day constitutes a new offense. Injunction proceedings appear to me to be a more satisfactory form of procedure. The statute was enacted "to promote the health, safety, convenience and general welfare of the Town of Hudson, and to make it a more attractive place in which to live" and was not intended as a penal statute.

I suggest that the Zoning Board of Adjustment draft Rules of Procedure as agreed upon by the Board, and that said Rules of the Board of Adjustment, together with a full and complete draft of the zoning law, be published so that any person desiring to appeal from any action of the administrative officer to the Board of Adjustment, or from the said Board to the Superior Court, would know definitely what procedure to follow and within what time he had to do so.

If any person erected a building or structure without a permit or in a manner not conforming to the law, the Selectmen of the Town could bring a petition for temporary or permanent injunction requesting the Superior Court to order the said building or structure to be razed or removed or cause the same to be in conformance with the law. If such petition were necessary, a criminal complaint could be brought contemporaneously, but such action should be avoided unless deemed advisable by the Selectmen.

In no event should any criminal complaint be filed until a citizen has had a fair opportunity to be heard by the Zoning Board of Adjustment and to make an appeal to the courts if he desires to take this action within the time allotted him.

Respectfully submitted,

Karl E. Dowd

Attorney

School Warrant

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Hudson qualified to vote in district affairs:

You are hereby notified to meet at the Hudson Junior High School in said district on the 13th day of March 1945, at 3:00 o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees, in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the School Board in its annual report.
9. To see what action the district will take in regard to continuing to improve the grounds around the Junior High School building and raise and appropriate the sum of \$200.00 for the same.
10. To see if the district will vote to raise and appropriate the sum of \$2000.00 for insulation in the Webster School.

11. To see if the district will vote to raise and appropriate the sum of \$300.00 to complete the shower room for girls at the Junior High School.

12. To see if the district will vote to rescind the vote of 1939 "to hold all future Annual District Meetings in conjunction with the Annual Town Meeting."

13. To transact any other business that may legally come before the meeting.

Given under our hands at said Hudson, this 24th day of February, 1945.

Report of the School Board

Hudson, New Hampshire

February 20, 1945

At long last we have been successful in securing a permanent janitor for the Webster and Junior High Schools. Our new janitor, Mr. Charles O. Pelkey, started work last week.

The seriousness of the fuel shortage forced us to give this problem more than ordinary attention. With a view to saving fuel and at the least added expense, we finally decided to cap the main portion of the Junior High building. This work was done by the Hancock Insulation Company of Boston, Mass., during the Thanksgiving recess. While it is a little too early to know just how extensive the fuel saving will be during a full year, yet the indications are that considerable saving in fuel will be effected as well as keeping the classrooms at a more even and comfortable temperature. We have already found that except in the extremely cold, windy weather, it has been necessary to fill the stoker only once in a twenty-four hour period.

The Board feels that something in the way of insulation should be done at the Webster School. The building should at least be capped. We hope the Citizens of the Town will give this matter their consideration and appropriate a sum sufficient to do some kind of an insulation job on this building before another school year starts.

The grounds at the Junior High building have been still further improved this year, due to the cooperation of the Highway Department in transporting the loam donated by John A. Robinson at actual cost of labor, etc. The Highway Department also put some filling into the lower portion of the grounds on the north side. We feel that this loam should be seeded down this year, not only in the interest of beautifying the grounds but also to keep the loam from being washed down by the heavy rains. This is another appropriation that we hope will be made, as we feel the sum put in our budget for this purpose is very modest.

The need for shower facilities at the Junior High School for the girls who play basketball has been brought to our attention. We are heartily in favor of installing these showers, and hope that the modest sum asked for in our budget to cover this item will be appropriated.

These are trying times and problems are constantly facing us—some old, some new—and it has been our earnest endeavor to try to solve them to the satisfaction of everybody concerned and with the best interests of the schools always in mind.

Respectfully submitted,

MILDRED M. FULLER
DOROTHEA S. CRABTREE

Hudson, N. H.

February 21, 1945

MILDRED M. FULLER
DOROTHEA S. CRABTREE
HERBERT W. CANFIELD
School Board

Report of the Superintendent of Schools

Hudson, New Hampshire

February 1, 1945

To the School Board and Citizens of the Town of Hudson:

I herewith submit my fourth annual report as Superintendent of Schools.

Our schools this year are increasingly affected by the war and all that goes with it. Attendance and general work conditions remain about the same as last year. We are fortunate in being able to secure mature experienced teachers. Beginners and the younger group are conspicuous by their absence.

It looks now as if the teacher situation will continue about the same for three or four years after the war is over. The Keene Teachers College is asking all their alumni to find young women in their community who would be willing to start a teacher training course next fall. That may help the situation some. In the meantime, we hope by continuing our bonus payments to keep the teachers we have.

Last summer, Mrs. Celia Donovan requested further leave of absence, because of her health. This left our Junior High School without a head. We regret that the present condition of her health makes her continuance in the principalship very uncertain. She certainly laid firm and sure foundations in our school. We are greatly indebted to her single-hearted devotion and faithful service in the formative years of the school. The young people of Hudson owe her a debt that can never be repaid.

We consider ourselves very fortunate in securing Howard A. Libby to assume this important post. His first annual message is a part of this report. It shows clear insight and deep professional and personal interest in the pupils of the Junior High School.

I wish to pay special tribute to Barbara M. Smith, principal of the Webster School for the past five years, who has been granted a leave of absence to work in Army Schools for the

Hard of Hearing in Oklahoma. Our best wishes go with her in this very important work. We hope after the emergency is over she will return again to her place in the Webster School. Miss Teresa O'Meara was chosen to carry on in her place. We appreciate very much her willing and self-sacrificing services.

The canning project at the Junior High School during the summer proved even more successful and popular than last year. Mrs. Esther French deserves a great deal of credit for the success of this important project.

Our noon lunch, subsidized by the Federal Government, is proving a great help in the Webster and Junior High Schools. Mrs. Mary Hunnewell, Mrs. Laura Miller and Mrs. Esther French are carrying on this work. We believe that the noon lunch is an important contribution to the health of the children of the community. We still carry on the milk program in all schools. This is also a great health asset.

In general, we are pleased to report good progress all along the line in our schools.

In closing I wish to express appreciation to the School Board, teachers and all others who have helped to make the school year a very pleasant and successful one.

Respectfully submitted,

GAIUS H. BARRETT,
Superintendent of Schools

Report of the Principal

Hudson, New Hampshire

February 1, 1945

To the Superintendent, School Board and Citizens of Hudson:

I am pleased to submit my first annual report as Principal of the Hudson Junior High School.

With a look forward toward the post-war era, the need for greater emphasis upon regular school attendance and continuance of a high school education beyond the compulsory age, becomes increasingly important to every boy and girl. The existing demand for workers in every field offers great temptation to young people towards sacrificing their secondary school career in favor of highly compensating positions in industry.

It falls upon the home and school to help them prepare for the contrasting employment situation in which they will be engulfed after the war. The young worker lacking a high school education will face a discouraging struggle of competitive employment among highly trained technicians, returning from Military Service to resume civil life. As never before, the school and the home must work together towards a more thorough training of the youth involved to equip them for the tremendous tasks that they must share in government and industry in the complicated post-war period ahead.

I firmly believe that the Hudson Junior High School is more adequately equipped to reach such educational goals than many schools. I refer to the splendid building in which the students pursue their three year course of study, the educationally-minded parents of Hudson and the spirit of cooperation among the students and teachers. Let us, then, look at possible means of adequately utilizing these facilities.

The attendance record of a minority group of students must be improved if maximum educational benefits are to be theirs. Continued emphasis must be placed upon physical education and the general athletic program. If this is to be done most effectively, individual compartment lockers would be desirable in the shower rooms. If a small number could be purchased for the boys' room, it would be progress towards a definite

requirement for a satisfactory athletic program. The girls' shower room has thus far not served its intended purpose because of unsatisfactory drainage and lack of shower stalls. It would seem that with moderate expenditures for labor and material, this situation could be corrected. The enthusiasm among the girls towards competitive athletics certainly warrants serious thought on this matter. A permanent program of intramural and interscholastic basketball such as is now in progress would not seem advisable in their best health interests unless general use of the showers can be guaranteed.

To facilitate these, and continued improvements in the Junior High School program, I urge parents to more frequently visit the school to discuss the progress of the students and related problems that can best be solved through closer contacts between the home and school.

I wish to extend my appreciation to the members of the School Board, the Superintendent, teachers, students and parents for making my first semesters work as Principal of the Hudson Junior High School a pleasant one.

Respectfully submitted,

HOWARD A. LIBBY,
Principal

TEACHERS FOR THE YEAR 1944-45

Webster School

Ruth O'Neil	Grade 6
Muriel Nash	Grade 5
Frances Mills	Grade 4
Teresa O'Meara	Grade 3, Principal
Frances Lavoie	Grade 2
Alice Desprez	Grade 1
Mary Monahan	Grade 3, 4, 5
Virginia McLavey	Grade 1, 2

Junior High School

Howard Libby, Principal
 Barbara Fuller
 Ruth Myers
 Ruth McKay
 Anna O'Connor
 Eula Scott
 Ruth Parker
 Ethel Hopwood
 Robert Canfield

Hudson Center

Florence Parker, Grades 3-6
 Marguerite Gilman, Grades 1-3

Enrollment February 1, 1945

Grades	1	2	3	4	5	6	7	8	9	Oppor.	Totals

ROLL OF PERFECT ATTENDANCE

1943-44

Webster School

Grade 1—Eugene Nute

Grade 5—Jewel Ann Austin, Elaine Paige

Grade 6—Martha Haggett, Rosanna Moreau

Hudson Junior High

Grade 7—Theresa Levesque, Ruth Waiswilos

Grade 8—Jean Baker, Irene Barrett

Grade 9—Gloria Campbell, Onaita MacIntyre

Edward Hardy, Roger Laquerre, Lynwood Porter

Report of School Nurse

Hudson, N. H.
February, 1945

To the Superintendent, School Board Members and Citizens of Hudson:

I herewith submit my report of the school health program from February 1944 to February 1945.

		Corrections
No. of children examined	519	
No. of children having dental defects	153	118
No. of children having defective tonsils	33	18
No. of children having visual defects	13	9
No. of children having hearing defects	7	3 lip-reading
No. of children having speech defects	3	
No. of children having cardiac defects	9	4 restricted from strenuous activities
No. of spastic cases	1	

The attendance was broken in the lower grades by whooping cough. We have also had a few cases of chicken pox and scarlet fever.

The pupils of the Junior High School were given a thorough physical examination by Dr. John Quigley to determine whether they were physically fit to participate in the active school sports. The first grade pupils at the Webster and Hudson Center Schools were also given an examination by Dr. Quigley.

The audiometer test was given in October to pupils from the third grade through the Junior High School. Lip-reading instruction is given to those pupils who were found to have hearing losses. We also have one case of high visual deficiency who is having the use of special sight-saving devices in the classroom.

The hot lunch served at noon to the Webster and Junior High pupils is a convenience to parents as well as being a great health asset to the children. The milk program is carried on in all schools.

The cooperation of teachers and parents in carrying on the school health program is greatly appreciated.

Respectfully submitted,

HELEN J. HOUSE, R.N.

School Nurse

I hereby certify that the above return is correct, according to the best of my knowledge and belief.

JOHN E. BAKER, Town Clerk

Another Enemy to Conquer

Here is a home front fight that everyone can get into. Last year in this State 558 brush and forest fires burned over 4,648 acres of land, of which 2,788 acres were valuable timber and young growth. With available manpower the lowest of any year since the war started, you can help to keep this loss down by preventing these fires from starting.

Keep in mind these simple rules:

- 1. Always get a permit from your Forest Fire Warden before starting any fires in the open. Burning under certain conditions is permitted.*
- 2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.*
- 3. Always report any uncontrolled fire promptly to your Forest Fire Warden. Minutes lost are acres lost.*
- 4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.*
- 5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.*

KEEP NEW HAMPSHIRE GREEN
